OFFICE OF
WATER

MEMORANDUM

SUBJECT: ~~FY~~ 1986 Quarterly Reporting Requirement Clarification

FROM: Victor J. Kimm, Director (WH-550)
Office of Drinking Water

TO: Water Division Directors
Water Program Branch Chiefs
Regions I - X

Confusion has surfaced over the interpretation of Underground Injection Control Program Guidance #41, dated July 12, 1985, and UIC Program Guidance #40 dated June 28, 1985.

Several Regions have interpreted Guidance #41 to say that the forms attached to that memo may replace EPA Forms 7520-1, 2, 3, 4. If that were the case, compliance and enforcement reporting would be available for "major" facilities (Classes I and IV) on a quarterly basis but for Classes II and III only on an annual basis.

Let me clarify the reporting requirements for FY 1986. States should be requested to submit all of the data contained in the annual report forms (Forms 7520-1, 2, 3, 4) on a quarterly basis for all classes of wells. Similarly, Regions are expected to submit all the information in these forms for direct implementation programs quarterly. The forms attached to Guidance #41 may be used to report SPMS data as long as the rest of the data is also provided.

If there are any questions regarding this you may call me or Thomas E. Belk on FTS 382-5530.
